Westmead Medical Research Foundation,
trust fund for NOGIN

Thank you for your support.

THE WESTERN SYDNEY BRAIN TUMOUR SUPPORT GROUP (NOgin)

Our purpose is to provide specific education and support for adults and carer's whose lives are affected by all types of brain tumours

What is our purpose?

The Neuro Oncology Information Network (NOGIN) is the brain tumour support group for the Western Sydney Region. We provide specific education and support for adults and carers whose lives are affected by all types of brain tumours. This multi-disciplinary team has a special interest in the complex care and treatment journey and welcomes all patients to access our services.

Where is NOGIN?

The Neuro Oncology Information Network (NOGIN) is a brain tumour information and support group developed and co-ordinated by the Clinical Nurse Consultants from Westmead Private Hospital and Westmead Hospital, Sydney.

All patients, their families and carers are invited to attend the FREE information and support sessions held at Westmead Private Hospital.

How is NOGIN Funded?

NOGIN is a support group administered by Westmead Medical Research Foundation (WMRF), the primary fundraising body for the Westmead campus.

All donations specifically for NOGIN go directly into our designated fund to improve the services we provide for patients and carers.

NOGIN will benefit substantially from your kind support. The form attached provides an opportunity for you to make a direct donation to the NOGIN trust fund. Contributions will be gratefully received and a tax deductible receipt provided by Westmead Medical Research Foundation.

How to Donate?

- 1 – Online go to <https://fundraise.wmrf.org.au/profile/nogin> **OR**
2 – Complete this donation request
